

## **Introduction**

The following guidelines are to be used as the Standard Operating Guidelines for the Firefighters of South Wall Fire Rescue Company #1, Wall Township Fire District #3. They have been established to aid members in bringing the best possible results to the Company during each fire ground operation. Furthermore, they have been designed with each firefighters personal safety in mind as well as the safety of fellow firefighters on the fireground.

This manual is for the guidance and direction of fire company personnel. Its sole purpose is to give members complete information regarding the standard operation guidelines of this Company. This manual is applicable to members classified as Active Exempt (AE), Active (A), Active Probationary (AP) and Junior Probationary (JP), as defined in the South Wall Fire Rescue Company By-Laws.

All Firefighters will be issued and sign for, a copy of these Standard Operating Guidelines (SOG's) at the commencing of their probationary period. It will be the responsibility of each firefighter to update their copy should any additions and/or corrections be made. The Chief, in conjunction with the Line Officers, upon the approval of the Fire Commissioners, Wall Township Fire District #3, have the right to amend, revoke, or add to any of the SOG's as circumstances may require.
